Caleb: Hi, hater.
Caleb: HI, HATER
me: bye hater!
Caleb: HI HATER
Caleb: Have you stopped SOPA yet?
me: probably
Caleb: Did you hear that Wikipedia was shut down today?
Caleb: One of my tweeps told me about it.
me: OMG REALLY?
Caleb: That information was tweeped to me.
Caleb: I meant to tweep you about it.
Caleb: Because I thought it would be weird if you went to Wikipedia and was all, "Oh noes, it's not working, maybe I need to take my computer to the shop."
Caleb: Because you don't.
Caleb: So if you took your computer to the shop, you should just go get it back.
